

Amendments to the Claims:

1. (Currently Amended) A composition for the ~~prevention~~ and treatment of athlete's foot, comprising a Moutan root bark extract as an active ingredient, and further comprising one or more compounds selected from the group consisting of Ketoconazole, Itraconazole, Fluconazole, Fenticonazole, Econazole, Bifonazole, Oxiconazole, Cloconazole, Rolcyclate, Amphotericin B, Flucytosine, Griseofulvin, Terbinafine, Naftifine, Haloprogin and Ciclopirox, wherein the composition has an antifungal and antibacterial activities against *Trichophyton mentagrophytes*, *Trichophyton rubrum*, *Candida albicans*, *Epidermophyton floccosum*, *A. niger*, and *P. citrinum*.
2. (Currently Amended) The composition for the ~~prevention~~ and treatment of athlete's foot of claim 1, wherein said Moutan root bark is prepared by extracting the Moutan root bark with one or more solvents selected from the group consisting of water, ethyl acetate butyl acetate, ethyl alcohol, isopropyl alcohol, butyl alcohol, hexane, chloroform, ethylene glycol, propylene glycol, propanol, acetone, benzene, ethanol, methanol, and butanol.
3. (Cancelled)
4. (Currently Amended) The composition for the ~~prevention~~ and treatment of athlete's foot of claim 1, wherein said composition ~~for the prevention and treatment of athlete's foot is applied in the form of sprays comprises a spray.~~
5. (Currently amended) The composition for the ~~prevention~~ and treatment of athlete's foot of claim 1, wherein said composition ~~for the prevention and treatment of athlete's foot is a~~ comprises at least one of a medicine, a cleansing agent, or a cosmetic.
6. (Currently Amended) A composition for the ~~prevention~~ treatment of osmidrosis caused by *Stenotrophomonas maltophilia* and *Candida albicans*, comprising a Moutan root bark extract as an active ingredient.

7. (Currently Amended) The composition for the ~~prevention~~ treatment of osmidrosis of claim 6, wherein said Moutan root bark extract is prepared by extracting the Moutan root bark with one or more solvents selected from the group consisting of water, ethyl acetate butyl acetate, ethyl alcohol, isopropyl alcohol, butyl alcohol, hexane, chloroform, ethylene glycol, propylene glycol, propanol, acetone, benzene, ethanol, methanol, and butanol.

8. (Currently amended) The composition for the ~~prevention~~ treatment of osmidrosis of claim 6, wherein said composition for the ~~prevention~~ treatment of osmidrosis is ~~applied in the form comprises at least one of a~~ applied in the form comprises at least one of a ~~[[of]] spray[[s]], a liquid[[s]], a and solution[[s]], a stick[[s]], a gel[[s]], a cream[[s]], and or a~~ [[of]] spray[[s]], a liquid[[s]], a and solution[[s]], a stick[[s]], a gel[[s]], a cream[[s]], and or a ~~cleansing agent[[s]].~~ cleansing agent[[s]].

9-11. (Cancelled)

12. (Currently Amended) An anti-microbial composition in the form of liquids and solutions, gels, solids, aerosols, or sprays comprising

a Moutan root bark extract; and

one or more compounds selected from the group consisting of Ketoconazole, Itraconazole, Fluconazole, ~~Miconazole~~, ~~Clotrimazole~~, Fenticonazole, Econazole, Bifonazole, Oxiconazole, Cloconazole, Roylecyclate, Amphotericin B, Flucytosine, Griceofulvin, Terbinafine, ~~Nystatin~~, ~~Tolnaftate~~, Naftifine, Haloprogin, Enosaxin, Norfloxacin, Cifloxacin, Acyclovir, Ribavirin, ~~Frielesan~~, and Ciclopirox

and wherein the anti-microbial composition has an anti-microbial activity ~~for against~~ against *E. coli* 0-157:H-7, *Streptococcus pyogenes*, *Salmonella choleraesuis*, *Pasteurella haemolytica*, *Listeria monocytogens*, *Candida albicans*, *A. niger*, *Aspergillus niger*, *Penillium citrinum*, *Aspergillus falvus*, *Epidermophyton Floccosum*, *Pseudomonas aeruginosa*, *Trichophyton mentagrophytes*, *Trichophyton rubrum*, *Prionionbacterium acne*, *Stenotrophomonas maltophilia*, and *Streptococcus mitis* ~~and~~ *Streptococcus mutans*.

13. (Currently Amended) The anti-microbial composition of claim 12, wherein said anti-microbial composition comprises said Moutan root bark extract and the at least one anti-microbial compound[[s]] in a ratio of 1: 5 to 5: 1 by weight.

14. (Original) The anti-microbial composition of claim 12, further comprising a skin moisturizer, a skin permeation enhancer, a fragrance, a fragrance encapsulation carrier, an organic solvent, or a filler.

15. (Currently Amended) The anti-microbial composition of claim 14 ~~comprising said compounds in an amount of 0.001 to 20%; wherein said skin moisturizer comprises from in an amount of 0.05 to 5% by weight of the anti-microbial composition; said skin permeation enhancer comprises from in an amount of 0.1 to 10% by weight of the anti-microbial composition; said fragrance comprises from in an amount of 0.05 to 2% by weight; said fragrance encapsulation carrier comprises from in an amount of 0.1 to 10% by weight of the anti-microbial composition; said filler comprises from in an amount of 0.01 to 50% by weight of the anti-microbial composition; and said organic solvent in the remaining amount.~~

16. (Original) The anti-microbial composition of claim 14, wherein said skin permeation enhancer is one or more compounds selected from the group consisting of polyethylene glycol monolaurate (pegml), glycerol monolaurate, propylene glycol monolaurate, eucalyptol, lecithin, 1-substituted azacycloheptane-2-one, 1-n-dodecyl cycleazacyclohepta-2-one, cetyl alcohol, stearyl alcohol, myrist alcohol, polyethylene sorbitan fatty acid ester, dodecyl amine, and lanolin.

17. (Original) The anti-microbial composition of claim 14, wherein said skin moisturizer is one or more compounds selected from the group consisting of ethylene glycol, propylene glycol, butylen glycol, hexylen glycol, polyethylene glycol (PEG) 200 to 600, polypropylene glycol (PPG), glycol ester and ether, alkyl ester of polyethylene glycol, alkyl ester of polypropylene glycol, carboxylic ester of polyethylene glycol, carboxylic ester of polypropylene glycol, sorbitol, trihydroxy stearine, and polyhydric alcohol derivatives.

18. (Original) The anti-microbial composition of claim 14, wherein said fragrance is one or more fragrances selected from the group consisting of lavender, lemon, floral, herb, apple, strawberry, lily, frisia, lilac, peppermint, rosemary, freshmint, spearmint, olive, kiwi, rose, acacia, pheromone, Chinese quince and pine flavors.
19. (Currently Amended) The anti-microbial composition of claim 14, wherein said fragrance encapsulation carrier is dextrin[[e]] or cyclodextrin[[e]].
20. (Original) The anti-microbial composition of claim 14, wherein said organic solvent is selected from the group consisting of ethanol, isopropanol, and a mixture thereof.
21. (Cancelled)
22. (Previously Presented) The anti-microbial composition of claim 12, wherein said anti-microbial composition is a detergent composition, a composition for controlling dandruff-causing pathogens and odor, a bactericidal/disinfectant composition, a composition for the sterilization and disinfection of animals and animal breeding farms, or an anti-foot-and-mouth disease composition.
23. (Cancelled)
